NEW ECO CLUB FORMATION

Students,

This is an initiative taken by our school to form an Eco Club in order to bring the awareness about the nature and its conservation. As we are going with the evidence of various critical problems on environment and the biodiversity such as pollution, resource depletion, global warming, extinction of various life forms, climatic changes etc. We are inviting students from every grades to take the part in the newly formed Eco Club. The first initiative for conserving the nature by planting more and more trees in the school campus and inculcating green habit within yourselves.

Thus you will be prepared to take participate wholeheartedly in the said programme on 27th July 2024 as a part of Shiksha Saptah Day 6 Celebration.

We are looking forward to the success of the plantation drive by planting saplings and the regular care should be taken by you for its continuation.

So let's all come together and make this initiative a roaring success.
